# POLICY

SECTION: Water  
SUBJECT: Water Developments in Hamlets

18-04

Special Areas Board will provide a water supply for domestic use by means of at least one of the following:

- a) a well,
- b) a dugout,
- c) a holding tank,
- d) other.

A pump or pressurized hydrant will be provided near the water supply.

There will be no hooking to or expanding the system without approval from the Special Areas Board.

Any expansion to the System will be by a water co-op, who will be responsible for the maintenance and operation of the system.

The water co-op may be given a grant up to \$10,000 repayable to the Special Areas Board, interest free, over a ten year period to expand or upgrade the system. Additional amounts may be approved by the Special Areas Board if deemed necessary to make a project viable.
