HEAVY DUTY MECHANIC I OPPORTUNITY YOUNGSTOWN SERVICE CENTER COMPETITION NO. 30093

A permanent full-time position located in Youngstown, Alberta at the Special Areas Board's modern 19 bay vehicle and equipment Service Center.

The Special Areas Board maintains a large municipal road construction and maintenance program with over 200 pieces of equipment. The Board operates a modernized fleet of equipment and is focused on predictive maintenance and minimizing downtime.

Emphasis will be on analysis, repair and maintenance (including CVIP) of gasoline and diesel engines, trucks, motor graders, crawler tractors, self-loading earth moving equipment, weed sprayers, fire engines, and other types of smaller equipment.

The Special Areas does not do major component overhauls in-house (renewal and replacement only).

Qualifications—Journeyman Heavy Duty Mechanic Certificate, valid in the province of Alberta and several years related experience.

SALARY : \$65,220—\$70,537 per annum
