

SECTION: Transportation Services
SUBJECT: Texas Gate Removal – Fencing compensation

13-15

Where a land holder agrees to fence livestock from Special Areas roads and allows for the removal of a Texas gate, the Special Areas Board will compensate the land holder \$1,500/mile toward the construction of a new fence along the Special Areas' road. Payment will be made directly to the landholder after the fence is in place.

This is at the discretion of the Special Areas Board based upon improving the flow of traffic and decreasing patrol maintenance.

Jay J. Slemp, Chairman
Special Areas Board
