

## **WINTER STORM UPDATE**

---

**Tuesday, October 3<sup>rd</sup> -17:00**

Please note the following updates caused by winter storm conditions in the Special Areas.

### **Driving Conditions & Roads**

Motorists are asked to refer to [www.511.alberta.ca](http://www.511.alberta.ca) for important information on weather conditions, road conditions & closures, and updates as they occur.

Highway 9 – Open. Tow trucks and snowplows are active, *travel is not recommended*.

Highway 36 – Open. Tow trucks and snowplows are active, *travel is not recommended*.

Road conditions range from partially covered to completely covered, and will likely worsen as temperatures drop. ***STAY OFF THE ROADS AND AVOID TRAVELING IF POSSIBLE.***

### **Snow Plows & Crews**

Special Areas crews continue to work with Alberta Transportation and Carillion staff clearing snow from roads. Plows are working to clear snow from roads, and will continue into the evening.

If you require immediate assistance, contact 911.

### **Power Outages & Cell Coverage**

ATCO Electric continues to work on restoring power throughout the area. For current information on power outages, head to [www.atcoelectric.com/Safety/Power-Outages/Outage-Map](http://www.atcoelectric.com/Safety/Power-Outages/Outage-Map).

Telus is working to restore cell coverage throughout the area.

Updates will be provided as available.
